If health be not steady, heart is not active. Were heart active, the deeds may be done. Among the means to preserve health, the best way is to take in Kozan wine which is sold by us, because it is to assist digestion and increase blood. Those who want the steady health should drink Kozan wine. This wine is agreeable even to the females and children who can not drink any spirit because it is sweet. On other words, this pleases mouth and therefore, it is very convenient medicine for nourishing. Accordingly, our wine is now in demand and it can be obtained at any store for liquors and spirits throughout the empire but it is regretted that several others imitated our wine having mixed a certain sweet materials with common wine. Please remember our three registered trade marks in order to distinguish genuine from inferior imitations.
